

2014-2015
APPLICATION FOR
TENNESSEE MASTER GARDENER ADVOCACY BOARD
Due April 30, 2014

The Advocacy Board is a state Extension program committee created to include representation by all facets of the Tennessee Master Gardener Program. It is composed of three county Extension agents (who are local Master Gardener Program coordinators representing each region), nine certified Master Gardeners (three from each region) who have served as volunteers and been active in their local MG programs, one state Extension specialist who has worked with the MG Program and the state Master Gardener coordinator who serves as a facilitator of this committee.

The Master Gardener Program Advocacy Board is charged with the following tasks:

- Establish program policies.
- Define relationships between University of Tennessee Extension and Master Gardener volunteers.
- Work with the state MG Program coordinator to identify and develop new program information and materials, and revise existing program information as needed.
- Set goals, objectives and action plans for obtaining goals for the Tennessee Master Gardener Program.
- Evaluate and give oversight to the growth and development of the Tennessee Master Gardener Program as we seek to accomplish its mission and purpose relative to University of Tennessee Extension, Master Gardener volunteers, communities and individual Tennesseans.
- Provides leadership for the TMG Alliance, a united state organization organized by region.

We recruit members who are interested and committed to doing the work required of this committee and who can attend the necessary meetings. Positions require a two-year term of service, with members rotating off in alternate years. If you are interested in serving, please review and complete the criteria and commitment on the application for Tennessee Master Gardener State Advocacy Board. Only one candidate is allowed for each qualifying member (Master Gardener group), see TMG Alliance Bylaws.

The Advocacy Board communicates monthly by conference call and meets twice a year; the state coordinator and the TMGAB will determine the necessity of additional meetings.

Position Description

- Represents both county and region at board meetings (minimum of two per year) for a minimum of two-year term with an option to rate off after the first year.
- Maintains positive attitude in identifying deficiencies in the state program and recommending constructive changes if appropriate.
- Conveys qualities of dependability and initiative.
