

## **Default Question Block**

### **End of Season Survey**

#### **Tennessee Home Garden Variety Trials**

You are invited to participate in a research study. You will be asked to complete this form that should take about 5 to 10 minutes of your time. There are no foreseeable risks associated with this study other than those encountered in everyday life. All individual data will be kept confidential and submission of this evaluation is completely voluntary. Information about plant performance will be used by Extension to assist gardeners and growers in selecting crops and cultivars. Results will be used in the aggregate in scientific presentations and publications as well as Extension materials. No reference will be made in reports to link participants to the study unless individual permission was granted for a photo or quote.

If you have questions at any time about the study please contact Dr. Natalie Bumgarner at [nbumgarn@utk.edu](mailto:nbumgarn@utk.edu). If you have questions about your rights as a participant,

you may contact the University of Tennessee IRB Compliance Officer at [utkirb@utk.edu](mailto:utkirb@utk.edu) or (865) 974-7697.

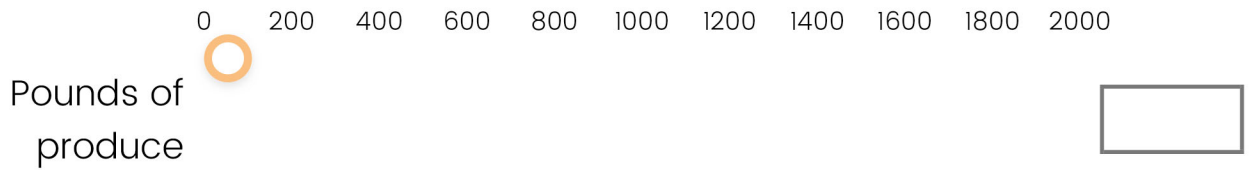

CONSENT: I have read the above information. I have received or had the opportunity to print a copy of this form. (Files of forms can be found at: <https://mastergardener.tennessee.edu/home-garden-vegetable-trial/>). I agree to participate in this study.

Thanks for your participation!

2025 Trialer Number:

Tennessee County:

How many pounds of produce do you estimate were produced in the home or community garden area where these trials were grown?

## Please Select Trial 1:

- 1. Bush bean- Desperado
- 2. Specialty bush bean- Celine
- 3. Okra- Jambalaya 2.0
- 4. Small melon- Sugar Cube
- 5. Burpless cucumber- Summer Dance
- 6. Compact cucumber- Saladmore
- 7. Indeterminate tomato- Chef's Choice Orange
- 8. Determinate tomato- Celebrity
- 9. Container tomato- Sunrise Sauce
- 10. Zucchini- Kefren
- 11. Yellow squash- Midas II
- 12. Flower- Rudbeckia- Indian Summer
- 13. Herb (warm season) - Basil Everleaf Emerald Towers
- 14. Herb (cool season) - Chives - Dolores
- 15. Lettuce- Gatsbi
- 16. Radish- Donato
- 17. Youth (cherry tomato) - Gold Nugget

## Please Select Trial 2:

- 1. Bush bean- Greencrop
- 2. Specialty bean- Flambo
- 3. Okra- Perkins Long Pod
- 4. Small Melon- Tigger
- 5. Burpless cucumber- Tasty Jade
- 6. Compact cucumber- Spacemaster
- 7. Indeterminate tomato- Valencia
- 8. Determinate tomato- Marglobe
- 9. Container tomato- Tasmanian Chocolate
- 10. Zucchini- Sophy
- 11. Yellow Squash- Smooth Criminal
- 12. Flower- Rudbeckia- R. triloba
- 13. Herb (warm season)- Basil Prospera compact
- 14. Herb (cool season)- Nira garlic chives
- 15. Lettuce- Muir
- 16. Radish- French Breakfast
- 17. Youth (cherry tomato)- Koralik

Please compare the performance of the two cultivars in the trial for these traits.

	$\{q://QID4/ChoiceGroup/SelectedChoices\}$	$\{q://QID5/ChoiceGroup/SelectedChoices\}$	Same
Produced highest yield	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Produced for the longest duration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Had more attractive flowers/fruit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tasted better	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How many days were there from seeding or transplanting to first harvest?

Days

$\{q://QID4/ChoiceGroup/SelectedChoices\}$

$\{q://QID5/ChoiceGroup/SelectedChoices\}$

Please rate the overall performance of each cultivar (1= low, 10= high).

	1	2	3	4	5	6	7	8	9	10
<code>{q://QID4/ChoiceGroup/SelectedChoices}</code>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<code>{q://QID5/ChoiceGroup/SelectedChoices}</code>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Why would you recommend each cultivar?

	I would NOT recommend	Plant health	Plant size	Yield	Flower or fruit appearance	Taste
<code>{q://QID4/ChoiceGroup/SelectedChoices}</code>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<code>{q://QID5/ChoiceGroup/SelectedChoices}</code>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

2025 Trialer Number:

Tennessee County:

How many years have you been vegetable gardening in total?

Where did you grow these trial plants?

- In soil (traditional in-ground garden)
- In a raised bed
- In a container

How were these trial plants fertilized?

- No fertilizer was used
- Only conventional fertilizer was used
- Only organic fertilizer was used (compost, blood meal, fish emulsion, etc)
- Both conventional and organic fertilizer was used

## Please Select Trial 1:

- 1. Bush bean- Desperado
- 2. Specialty bush bean- Celine
- 3. Okra- Jambalaya 2.0
- 4. Small melon- Sugar Cube
- 5. Burpless cucumber- Summer Dance
- 6. Compact cucumber- Saladmore
- 7. Indeterminate tomato- Chef's Choice Orange
- 8. Determinate tomato- Celebrity
- 9. Container tomato- Sunrise Sauce
- 10. Zucchini- Kefren
- 11. Yellow squash- Midas II
- 12. Flower- Rudbeckia- Indian Summer
- 13. Herb (warm season) - Basil Everleaf Emerald Towers
- 14. Herb (cool season) - Chives - Dolores
- 15. Lettuce- Gatsbi
- 16. Radish- Donato
- 17. Youth (cherry tomato) - Gold Nugget

## Please Select Trial 2:

- 1. Bush bean- Greencrop
- 2. Specialty bean- Flambo
- 3. Okra- Perkins Long Pod
- 4. Small Melon- Tigger
- 5. Burpless cucumber- Tasty Jade
- 6. Compact cucumber- Spacemaster
- 7. Indeterminate tomato- Valencia
- 8. Determinate tomato- Marglobe
- 9. Container tomato- Tasmanian Chocolate
- 10. Zucchini- Sophy
- 11. Yellow Squash- Smooth Criminal
- 12. Flower- Rudbeckia- R. triloba
- 13. Herb (warm season)- Basil Prospera compact
- 14. Herb (cool season)- Nira garlic chives
- 15. Lettuce- Muir
- 16. Radish- French Breakfast
- 17. Youth (cherry tomato)- Koralik

Please compare the performance of the two cultivars in the trial for these traits.

	$\{q://QID4/$ ChoiceGroup/ SelectedChoices}	$\{q://QID5/$ ChoiceGroup/ SelectedChoices}	Same
Germinated best	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Germinated fastest	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Had healthier plants	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Produced first fruit/ flower	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Were there any issues with seeding, germination, or growth of the trial that will prevent you from completing the final evaluation of one or both of these cultivars?

- No
- Yes, due to germination issues (planting too early, too wet, too dry, etc)
- Yes, due to insects or disease that damaged the planting
- Yes, due to a wildlife issue
- Yes, due to some other issue (watering, weather, etc)

Do you have any other comments to share on this trial at this time?
